PUBLIC WORKS DEPARTMENT—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 180.

The 2nd June 1888.

THE subjoined accounts and reports of the Road Cess Committees of the districts of Monghyr, Bhagulpore, Purneah, Maldah and Southal Pergunnahs, for the half-year ending the 31st March 1887, together with the remarks thereon of the Commissioner of the Bhagulpore Division, are published for general information.

W. B. BASTIC,

Under-Secretary to the Govt of Bengal.

No. 97, dated Monghyr, the 12th July 1887.

From—HERBERT MOSELEY, Esq., C.S., Chairman, District Board, Monghyr,
To—The Commissioner of the Bhagulpore Division.

IN compliance with Government Circular No. 6, dated 29th March 1887, I have the honour to submit account and report of the road cess operation in this district during the half-year ending 31st March 1887.

Five meetings were held during the half-year, all of which were attended by sufficient number of members to form a quorum. The attendance of the members on the whole was fair.

As regards the meetings of the Branch Committee, I have to note that no meeting was held in Jamui during the six months which this report appertains. No explanation is forthcoming, the then Sub-divisional Officer being away on leave, but it is conjectured that the failure was due to the illness and mental anxiety the Sub-divisional Officer laboured under.

Two meetings were held in the Begoozerai sub-division, and the attendance of the members was fair. It is reported that the European member could not attend these meetings, for their residence being long distance off from the head-quarters, but most of them have rendered great assistance by undertaking repairs of several district and branch roads.

Separate report has been submitted by the Collector regarding the cess collection. The result was good, the percentage having amounted to 82.

Necessary repairs were carried out to most of the roads and bridges. The roads were maintained in tolerable order, so as to enable the passing of wheeled conveyance during the touring season.

The following is a list of the new works:—

1. Raising and providing waterway on the Jamui to Mullehpur road.
2. Bridging Bucktearpur to Bulhi road.
3. Constructing Khagria to Gogri road.
4. Ditto Koperia to Bonbaria road.
5. Metalling a portion of Sultangunge road.
6. Converting Tirhoot road into a permanent embankment.
7. Metalling Persana to Gidhour road.
8. Constructing Jamui to Betya road.
9. Demarcating road lands—

Luckhesraï to Sikandra road.	Bhagalpur road.
Patua road.	Sultangunge road.
Kujrah road.	Khagria to Gogri road.
Kharuckpore road.	Bucktearpur to Bulhi road.

10. Constructing inspection bungalows at Betya, Billow, and Munsee.

Almost all of the abovementioned works were in progress from the previous years, consequently they do not call for any special mention, most of them having been noticed in the previous reports.

Tree-planting on certain roads is still continued under contract system wherein contracts exist, but no new contract has been let out for this purpose. Two years' extension has been granted to the contractors, whose terms of contract have expired on the 30th September last. Other roads are being planted departmentally, the contract system being objectionable. The following figures show the number of trees maintained by the contractors as also those maintained by the Department:—

Trees maintained by contractors—

Monghyr to Burhya road	729
Sultangunge to Belbar	1,910
Gaugis ghât to Basidpur	7,468
Total				10,107

Trees maintained by Department—

Jamui sub-division	4,681
Sheikpura ditto	396
Sudder ditto	4,214
Begoonerai ditto	300
Total				9,591

The accounts have been audited as usual, monthly, by the Standing Audit Sub-Committee. No inspection has been made by the Local Examiner or by his Assistants during the period under report.

The state of the communications, as far as I have seen, was fair. The roads were tolerably well maintained and kept in passable order. I did not approve altogether of the system on which the repairs of roads are carried out in this district. The kutchra roads were kept flat instead of with a gentle rise in the centre, and were never properly rammed and rolled when the earth was damp.

Liberal grants were made to the Branch Committees, and necessary repairs have been carried out to the village roads.

The working of the establishment of the Road Cess Committee in its several branches has been generally good.

O. MURRAY, Major-General,
Vice-Chairman, District Board.

HERBERT MOSLEY,
Chairman, District Board.

No. 1624, dated Bhagulpore, the 11th July 1887.

From—A. A. WACK, Esq., B.A., Magistrate and Chairman, Road Cess Committee, Bhagulpore,

To—The Commissioner of the Bhagulpore Division and Sonthal Pergunnahs.

WITH reference to your No. 43P.W. of the 25th May 1887, I have the honour to submit the District Road Fund Report for the six months, from 1st October 1886 to the 31st March 1887.

2. The beginning of the year is always largely taken up in making arrangements for works, collection of materials, manufacture of bricks, &c., and in surface repairs to roads. The Committee therefore have very little to lay out. Contractors are paid generally after March. Hence the expenditure shown in the accounts is low in proportion to the budget allotment under head Original Works and Repairs.

3. *Original Works.*—The works under this head have got fairly forward, excepting the erection of boundary pillars and demarcation of road lands, which is standing over for permission from zemindars to take possession of lands. In South Bhagulpore the Ghughra-Bousee road is still the most important job in hand under this head.

In North Bhagulpore the Committee directed their attention to bridging on the Peepra-Singhessur road, which will be an important feeder to the Tirhoot State Railway when extended further eastwards. The contractor, however, has been very slow in making bricks. Money has also been spent through the Durbhunga Road Cess Committee on a feeder to the Nirmali station on this railway line. Two new bungalows have been under construction in South Bhagulpore. A bridge has been under re-construction on the Doomka road.

4. *Arboriculture.*—During the period under report 745 trees were planted out on 6½ mile of roads. From the beginning of the operation up to date, 10,030 trees have been planted out and maintained on six roads. The Branch Road Committees have maintained trees and planted on sides of five roads.

5. *Repairs.*—First surface repairs to roads were done, and they have been kept in drivable condition. Earthwork, wherever required, is in progress. For pucca roads metal has been collected, and 88,985 cubic feet of metalling, which was collected last year, has been laid down in renewal coats of road No. 1, Bhagulpore to Sonthal Pergunnahs. Twenty-five per cent. of the allotment under the head has been spent.

6. *To be done next year.*—The projects that have been in progress during the half-year will be carried on. Whether any other work will be originated must depend on the funds placed at the disposal of the District Board in the orders on the budget already submitted.

7. *Road Cess Act.*—The Road Cess Act has worked fairly. The certificate procedure is cumbersome for the many very petty demands. The estimated annual receipts of provincial rates, "cess on land," is Rs. 1,34,800, of which Rs. 96,169 was due in the December and March lists, including arrears (Rs. 20,073). The actual collections during the six months came to Rs. 84,648-9-2, including arrears (Rs. 12,495). The percentage of collection is Rs. 63, which is a slight improvement on that of the same period of 1885-86; and the improvement has been far more marked in respect of arrears, being 62·3 against 47·8 in the previous year.

8. *Committees.*—* * * In Banka and Soopool the attendance has improved, and I attribute the slight falling off as regards the District Committee to the knowledge that it was doomed to give way to the District Board.

9. A Sub-Committee of the District Road Cess is charged with preparing budget estimates, auditing accounts, accepting tenders for works, &c. It meets once every month. It was dissolved on the introduction of the Local Self-Government Act on 1st April, and the District Board not having been yet constituted, I have been unable to submit the annual accounts to the usual scrutiny.

10. *Village Roads and Branch Road Committees.*—The following is a statement of budget allotments and expenditure incurred for the improvement of village communications by the Branch Road Committees, viz. :—

			Allotment.	Expenditure.
			Rs.	Rs.
Head-quarters	3 920	2,608
Banka	2,814	285
Mudhepoorah	2,792	810
Scoopul	4 304	1,178
Total			13 820	4,226

In North Bhagulpore much of the kutchia road work has always to be done in the rains : but in Banka cold weather repairs stand better, and I have called for an explanation of the very small expenditure.

11. *Establishment.*—There was no change in the engineering establishment during the year under report.

12. *Accounts.*—Book and accounts have been kept properly. They were inspected by the Local Auditor in January last, and he had very little to criticize.

13. The accounts for the period herewith submitted include the adjustments made on the 1st April 1887, as per Accountant-General's No. 971 L.F., dated the 25th March 1887.

No. 67, dated Purneah, the 11th June 1887.

From— H. G. Cocke, Esq., Chairman, District Road Cess Committee, Purneah,
To—The Commissioner of the Bhagalpore Division.

In accordance with the instructions contained in the Government's Order No. 2384 of the 21st ultimo, conveyed in your No. 43P.W. of the 25th idem, to the address of the Collector of Purneah, I have the honor to submit a report on the working of the Road Cess Committee for the half-year ending 31st March 1887.

* * *

There was no change in the *personnel* of the Committee during the half-year.

There were four meetings held, and the average attendance of members was fair, being 55.

All the members took great interest in the Road Cess affairs, and displayed independence in discussing matters which came before them.

No meeting had to be postponed for want of a quorum, except one at Kissenjunge.

All the planters helped the Committee by looking after the village roads and repairing them, and five of them, including the Vice-Chairman, helped the Committee by auditing the monthly accounts.

Working of the Act and the feelings of the people.—The Act worked smoothly throughout the year, and the tax was paid without any murmur.

Working of the Committee—During the half-year under report, 320 miles of II class, 59 of III class, and 122 of IV class roads were surface repaired. Eighteen bridges also were repaired.

The unusual rains of July and August last greatly damaged many roads and destroyed many bridges. Those roads have been repaired, and the renewal of bridges is in progress.

Some of the roads are badly in want of bridges, and I have allotted a large sum of money for construction of bridges during the current year, estimates for which are under preparation, and some have already been submitted for sanction.

The inspection bungalows on the district roads were kept in repair.

Many village roads in the sudder sub-division and few in the Arrareah and Kissenjunge sub-divisions have been repaired. The major part of the amount allotted for village roads has been advanced to gentlemen for repairs of those roads, but some of them have submitted their accounts, but many have not, hence the progress under this head cannot be ascertained, but I presume that most of those roads have been repaired and their accounts are awaited.

Arboriculture.—The operation under this head was confined to the maintenance of 3,226 trees. No new trees were planted during the half-year.

Inspection of district works by the Divisional Superintendent.—Some district works were examined during the half-year by the Divisional Superintendent in December 1886.

Inspection of accounts by the Examiner of Local Accounts, Bengal.—The offices were examined during the half-year in January 1887.

How the different establishments worked during the half-year.—The Accountant attached to the Committee's office has given entire satisfaction.

Mr. R. G. S. Roberts continues to be the District Engineer, is an active officer, and gets about the district a great deal; he possesses a thorough knowledge of the district.

PUNJAB.

BHOBOLOSHI BANLALI.

The *October 1887.*

Vice-Chairman, District Board.

No. 162, dated Maldah, the 10th September 1887.

From—H. G. SHARP, Esq., Chairman, District Board, Maldah,
To—The Commissioner of the Bhagupore Division.

With reference to your endorsement No. 43P W., dated 25th May last, I have the honour to submit the half-yearly accounts of receipts and expenditure and the administration report of the road cess operations in this district during the half-year ending 31st March last. The accounts were examined and certified by the Sub-Committee of Audit appointed under section 171, Act IX (B.C.) of 1880.

2. Five meetings of the Committee were held during the half-year, of which three were presided over by the Chairman, and the rest by the Vice-Chairman. The regular notice was given before every meeting, and no business was transacted in the absence of a quorum. The proceedings of the Committee were duly recorded in the minute-book, and the orders passed thereon have been carried out. * * * Mr. L. Haro was Chairman from 1st October to 24th November, and myself for the remainder of the half-year.

3 The monthly accounts of the Road Fund offices were examined and audited by a Standing Sub-Committee of Finance, consisting of four members, of whom one was the Vice-Chairman of the Committee.

4. Mr. J. Fraser-Forbes and Mr. George Hennessy, members of the Committee, have assisted in superintending and executing repairs to some of the roads in their neighbourhoods.

5. *Demand, collection, remission, and balance of road cess.*—The arrears of road cess outstanding at the close of the *current* year ending on the 30th September 1886 were Rs. 8,379. The addition of Rs. 14,833, the demand for the half-year under review, made the gross demand Rs. 17,606. Of this sum, Rs. 18,883 (exclusive of the amount collected in advance during previous years, but inclusive of the amount collected in advance during the half-year), was collected within the period, and Rs. 12 was remitted, leaving an outstanding balance of Rs. 4,461, or 25 per cent. on the gross demand. The percentage of the total collections to Rs. 13,333 on the current demand, Rs. 14,438, was Rs. 92.3.

6. *Certificate Procedure.*—The number of certificates filed during the half year was 355, and 231 were pending at the close of the year ending on 30th September 1886. Of this total of 586 certificates, on 359 the cesses have been fully realized, leaving 227 pending at the close of the half-year. A full report on these operations was submitted in my letter No. 99C (on the revenue side) dated 30th June 1887.

7. The working establishment entertained during the period consisted of—

1 District Engineer.	2 Sub-Overseers.
1 Overseer.	1 Clerk, and
1 Store-Keeper.	

An additional sub-overseer is needed as mentioned in previous reports, for the newly made sub-division at Pakuahat, but owing to want of funds could not be employed during the half-year.

8. The working sub-divisions, as in the preceding year, were four in number viz.—

North Maldah,	Chanchal and
South Maldah,	Pakuahat.

As the additional sub-overseer referred to in paragraph 7 was not employed, the Sub-Overseer, Baboo Kunja Behari Kar, in Charge of the South Maldah sub-division, held charge also of the Pakuahat sub-division.

9. The progress of works during the half-year appears to have been considered by the Divisional Superintendent, judging from reports only, as generally satisfactory; but the District Engineer's own work, in dispatch and supervision, was held in several matters, both by Mr. Hare and by myself, to have fallen very short of the proper standard. Much of the work was very badly done, and at extremely inconvenient times. Some of the roads, for instance, were first repaired in March, a few even in April (after the end of the half-year) towards the close of the season when they were most needed for traffic, and shortly before the rains would begin to destroy all the good done. A few roads were on the other hand begun in good time, and kept in very fair order during most of last cold weather, but the District Engineer is not up to managing nearly all that he has to do, and he is especially backward in travelling over the distant parts of the district. He is apt to go again and again over roads near head-quarters, and to leave others to sub-overseers. The matter will shortly be discussed by the District Board. Of the subordinate establishment, Overseer Babu Nilmoni Kuar did well; but the two sub-overseers, Baboo Kunja Behari Kar and Raj-Coomar Ganguly failed to give satisfaction.

10. *Flood damages.*—The damages caused on the embanked roads by the excessive flood of September 1886, were mostly repaired during the half-year.

11. *Length of Communications.*—There are 92 land and 13 river communications, aggregating 951 miles in length, all of which, except 38 miles, were under the District Engineer. The 38 miles are under the members named in paragraph four.

12. Difficulty in getting sufficient labourers and piece-workers for road-work was felt as in the preceding years. In the Barindra the people were so well off after the bumper harvest of December last, that the local labourers would not take up road-work though higher wages were offered.

13. *Original works.*—No original works of importance were taken up during the half-year.

14. *Repairs.*—The first class road from Ghorapir to Neemasera, about $1\frac{1}{2}$ miles long, was kept in good order.

15. *2nd class Roads.*—*English bazar to Nowabgunge.*—This road, about 34 miles in length, was seriously breached during the flood of September 1886. The breaches were repaired, and the road was made drivable early in the cold weather. The repairs to the metalled portions, damaged by the flood, were kept in abeyance till the metal was manufactured (since completed), and till the beginning of the rains, as the proper season for metalling.

English Bazar to Rajmehal.—This road, which also suffered severely from the flood, was repaired at the beginning of the cold weather, and made driveable by December. To facilitate traffic, a rail bridge was made over a deep channel across the road near Manik-Chuck, besides general repairs. The diversion proposed near Inayatpur could not be completed, pending the settlement of the question of land required for the purpose.

Besides the above, there were 166 miles of roads of this class, some of which were put and kept in order during the half-year, and others remained in an extremely bad state.

16. *3rd class Roads.*—These roads, measuring about $9\frac{1}{2}$ miles, received surface repairs. The last remarks apply to these also.

17. *4th class Roads.*—The District Engineer reports—

"All these roads were rendered fit for cart traffic after the subsidence of flood by surface dressing and petty fillings, and were kept fit for the above purpose throughout the half-year." But from what I saw on tour of several other roads which he described as being in good order (though during the whole of the working season he never went to see them), it is very doubtful whether some of these too were not far worse than here described.

18. *Village Roads.*—One village road, not in the list, about two miles long, was put in order.

19. *Arboriculture.*—No allotment for planting new trees on road sides was made by the Committee in their budget for 1886-87, and all that could be done was to keep up the trees, 2223 in number, planted in previous years.

20. No allotment was made in the budget for the removal of snags from the rivers, and no work could be done in this direction.

No. 99PW, dated Dumka, the 29th June 1887.

From—B. CARSTAIRS Esq., C. S. Offg. Deputy Commissioner, Sonthal Pargunnahs,
To—The Commissioner of the Bhagulpore Division.

With reference to your No. 50P.W. of the 13th instant, I have the honour to submit a report on road works in this district for the half-year ending on the 31st March last.

Original works:—The big bund across Nunhochi stream in mile 19, road No. 2, taken in hand last road year, has been widened to 20 feet, and some minor improving works done to it during the half-year under notice. The parapets and pointing to the bridge undertaken last year on the 57th mile, Bhagulpore and Sury road, have been too completed. The following are the original works provided for in the current year's Budget that have been taken in hand during the half-year under report:—

- (1). Bunding up Ranibohal stream, 86 mile, road No. 1 (Bhagulpore and Sury road), and providing escape bridges and channels at both ends.
- (2). Constructing a stone causeway about 180 feet long across Bilkes stream, 89 miles, Bhagulpore and Sury road.
- (3). Bunding up Masanjore stream, 83 miles, Bhagulpore and Sury road, and providing escape bridges and channels at both ends.
- (4). Constructing a bund across Huripur nala, 28 miles, road No. 2 (Dumka and Rampur-Hat) which is a considerable stream, with escape bridges and channels at both ends.

(5). Dismantling a timber bridge over Jamunajore stream, 1st mile, Deoghur and Sarath road, and replacing it by a masonry arched bridge of 4 spans of 15 feet each.

The last work has been completed at the end of the half-year under notice. The other four works are now nearing completion, their progress during the half-year has been satisfactory. By the completion of some of the works mentioned above, the Sury and Dumka

section of the road No. 1 will be wholly bridged. It traverses in all eight streams, including the river More, and I am glad to say that with the very limited money at our disposal, seven of them could be bridged over by means of bunds, causeways and masonry bridges, and thus avoiding the once difficult and dangerous fordings. Our resources, however, are too small to admit attempting erection of a bridge over the river More, measuring over a quarter of a mile in length or even of a causeway across it.

Repair works :—We have kept in good repairs all the roads borne in the district statement of roads. Some of them have been improved in the half-year under notice. During this half-year too we have done some works in the construction of three new roads mentioned below :—

1. Palojuri, 15th mile, road No. 20, to Sarath.
2. Surichua, 32nd mile, road No. 2, to Mulhoti.
3. Tinpahar Railway Station to Taljhari.

Adequate attention has been paid towards maintenance of the three village roads in the district. Kumirabad road, No. 19, has been repaired by the Helpata zemindar. In the Damin we did some works on the new road leading from Amrapara to Pakour, 22 miles long, taken in hand last year, from G. E. I. Fund.

Staging and Inspection Bungalows :—Only some petty and patch repairs have been done to them during the half-year. They are in fair order and quite habitable.

Arboriculture :—We have got a large number of road-side trees, mostly mangoes, amounting over 26,000. They have been all very carefully tended, and are thriving satisfactorily, many of them blossomed during the year.

No. 88PW, dated Bhagulpore, the 10th October 1887.

From—JOHN BEAMES, Esq., Commissioner of the Bhagulpore Division and Sonthal Pergunnahs,

To—The Secretary to the Government of Bengal in the Public Works Department.

I HAVE the honour to submit the reports and accounts of the road cess operations of the several districts in this division for the half-year ending the 31st March 1887.

2. *Cess collections.*—The percentage of cess collections is given below :—

Monghyr	82.00
Bhagulpore	88.00
Purneah	92.42
Maldah	92.30

3. *Working of the Act.*—The Act has been reported to work satisfactorily, and the people in general appreciate the roads, especially the village ones constructed under the provisions of the Act.

4. *Attendance at meetings of District Road Committees.*—The number of meetings held by each District Road Committee is given below, together with the average attendance :—

NAMES OF DISTRICTS.	Number of meetings held.	Number of members.	Average number attending each meeting.	Number who did not attend any meeting.
Monghyr	■	17	6.6	■
Bhagulpore	5	17	6.8	2
Purneah	4	14	5.5	4
Maldah	5	13	5.8	4

5. *Branch Committees, Monghyr.*—The attendance of the members of the Branch Committee at Beguserai was fair. None of the European members attended the meetings during the half-year under review owing to the distance of their residences from head-quarters; but they rendered great assistance by looking after the repairs of the village roads. No meetings were held at Jamui, and no explanation has been given.

Branch Committees, Bhagulpore.—There was an improvement in the attendance of the members of the Branch Road Committees at Banka and Supul. The attendance at the other Branch Committees was fair.

Branch Committees, Purneah.—The average attendance at the Branch Committees at head-quarters and Arrareah is said to have been fair; one meeting had to be postponed at Kiasengunge for want of a quorum. All the members, as well as the planters, are reported to have taken great interest in the road cess affairs by undertaking the repairs of village roads.

Branch Committees, Maldah.—There are no Branch Committees in this district, but Messrs. Forbes and Hennessy, members of the District Committee, undertook the repairs of some of the roads in the neighbourhood of their factories.

6. *Original Works and Repairs, Monghyr.*—The following works were in progress, most of them from previous years :—

- (1) Raising and providing water-way on the Jamui-Mullehpura road.
- (2) Bridging the Buktearpur-Bulhi road.
- (3) Construction of the Khagaria-Gogri road.
- (4) Construction of the Koperia-Sonbursa road.
- (5) Metalling of a portion of the Sultangunge road.
- (6) Converting the Ti-hoot Road into a permanent embankment.
- (7) Metalling of the Persauda-Gidhour road.
- (8) Construction of the Jamui-Betya road.
- (9) Demarcating lands on the roads noted below :—
 - (a) Luckeeseraï-Secundra Road.
 - (b) Patna road.
 - (c) Kujra road.
 - (d) Kurruckpur road.
 - (e) Bhagulpore road.
 - (f) Sultangunge road.
 - (g) Khagaria-Gogri road.
 - (h) Buktearpur-Bulhi road.

- (10). Construction of the inspection bungalows at Betya, Pilloo, and Memshi.

Repairs.—Repairs were carried out to most of the roads and bridges, and they are reported to be in fair order.

Original Works and Repairs, Bhagulpore.—The principal works in hand under this head are the Ghoga-Bowsee road, the bridging of the Pipra-Binghessur road, and the erection of boundary pillars and the demarcation of road lands. Two inspection bungalows in south Bhagulpore were in progress, and a bridge on the Doonka road has been reconstructed.

Repairs.—Surface repairs to roads were carried out so as to keep them in driveable order.

Original works and repairs, Purneah.—No original work was in hand during the half-year under report.

Repairs.—The surface and bridge repairs of second, third and fourth class roads were carried out. The damage done to the roads and bridges by the unusually heavy floods of July and August last were repaired. The inspection bungalows were kept in good order.

Original Works and Repairs, Maldah.—No original work of importance was undertaken during the half-year.

Repairs.—Most of the roads were kept in good order and the breaches caused by the floods of September 1886 were repaired. The Chairman reports that while out on tour he found some of the roads in a bad state.

Original Works and Repairs, Sonthal Pergunnahs.—The following are the principal original works in hand:—

(a) Widening the bund across the Nunboches stream in the 19th mile of the road from Dumka to Rampur Hat.

(b) Bunding up of Rambahal stream in the 86th mile of the Bhagulpur-Suri road, and providing escape bridges and culverts.

(c) Constructing a stone causeway across Bilkes stream in the 80th mile of the Bhagulpur-Suri road.

(d) Bunding up of Musaujore stream in the 83rd mile of the Bhagulpur-Suri road, and providing escape bridges and channels.

(e) Constructing a bund across Haripur nallah in the 28th mile of Doomka-Rampur Hat road.

(f) Dismantling a timber bridge over Jumunagore stream in the 1st mile of the Deoghur-Sarath road and replacing it by a masonry arched bridge.

Besides the above, the following new roads were partially carried out:—

Palojuri (15th mile, road No. 20) to Sarath.

Sarchina (32nd mile, road No. 2) to Malhota.

Tinpahar Railway Station to Taljhuri.

Repairs.—Most of the roads in this district were repaired and kept in good order. The roads in the Rajmehal Sub-division, however, are bad and require more money to be spent on them.

7 **Village Roads, Monghyr.**—Repairs to the village roads in this district were carried out, liberal allotments having been made to the Branch Committees for the purpose.

Village Roads, Bhagalpur.—The village roads under the Branch Committees were properly repaired, except in Bunka, where a small amount only was spent. Rupees 13,820 were allotted for the village roads of this district.

Village Roads, Purneah.—The repairs of most of the village roads are carried out by members, and their reports and accounts not having been received in time, it is not known whether all of them have been repaired; those under the Sadder and a few in the Kessen-gunge and Arrareah sub-divisions have been repaired.

Village Roads, Maldah and Sonthal Pergunnahs.—There are very few village roads in Maldah and the Sonthal Pergunnahs districts, those in existence were kept up.

8. **Tree-planting, Monghyr.**—19,698 trees planted in previous years were maintained both departmentally and by contract. Planting is still going on on certain roads both departmentally and by contract.

Tree-planting, Bhagalpur.—745 trees were planted out during the half-year, and 10,080 trees have been planted out and maintained up to date.

Tree-planting, Purneah.—No new trees were planted out during the half-year; 3,226 trees planted out in the previous years were maintained.

Tree planting, Maldah.—No allotment for planting out new trees was made; 2,228 trees planted out in the previous years were maintained.

Tree-planting, Sonthal Pergunnahs.—The trees planted out in the previous years amount to 26,000. They are stated to be thriving well.

Establishment.—There were no changes in the engineering establishments under the several District Road Committees. Mr. W. H. Nightingale assumed charge of the office of Divisional Superintendent of Works of this division on the 28th of November 1886, and held the appointment up to the 31st of March 1887, when the office was abolished on the introduction of the Local-Self Government Act in this division.
